

CARE FOR THE PEOPLE WHO CARE

Because Caring for Someone Doesn't Stop When You Clock In.

Medications. Appointments. Family updates. NutraRX helps keep the details together.

Sound familiar?

- Mom's medications changed. Again.
- Did your teenager remember their afternoon meds?
- Another appointment in the middle of your workday.
- Your siblings aren't on the same page.
- Wait, what did the doctor say?

One place to help manage it all.

Stay organized

Keep medications, appointments and care tasks together.

Share the load

Invite trusted caregivers to coordinate care with you.

Keep track

Record symptoms, vitals and everyday care details.

Getting started

1. Ask your employer whether NutraRX is available and how to access it.
2. Add the person you care for and organize their care information.
3. Invite trusted caregivers to help coordinate care together.

You care for them. You deserve support, too.

Ask your employer about NutraRX, or visit www.mynutrarx.com
